Developing digital literacies

Developing Effective e-Learning: the development pyramid
(Beetham and Sharpe, 2008)

Digital literacies and work placements

Developing Effective e-Learning: the development pyramid
(Beetham and Sharpe, 2008)

Digital literacies for student employability

- The need to raise awareness of the importance of digital literacies for student employability
- The need for placement tutors and students to understand the importance of reflection
- The need to develop assessment criteria for in-curricular placements
